

**Finished Product**

**Allerpause® – Immunity Blend**

Allerpause® uses the clinically tested and proven principal ingredient of EZClear® that is sourced from a proprietary blend of bioactive quail egg proteins designed for use as a functional ingredient in natural health formulations. Backed by peer-reviewed clinical evidence, EZClear® delivers fast-acting, natural relief from allergic rhinitis symptoms.

Allerpause® then compliments EZClear® with a thoroughly researched and selected blend of high-quality ingredients focused on supporting the Immune System. This combination blend separates Allerpause® from standard non-medicinal products. Offered in Single Dose Stick Packs.

**Key Highlights**

**Clinically Proven Results**

In a published human study, participants experienced noticeable relief within 10-15 minutes of taking EZClear® in a powder blend. It works fast—without causing drowsiness or other side effects.

**How it Works**

Special proteins in quail eggs naturally block the protease enzymes that trigger allergic reactions, helping calm nasal irritation and inflammation before symptoms take over.

**Formulated to Boost Immunity**

This proprietary blend in Allerpause actively supports the immune system with Vitamin C and a unique selection of complimentary ingredients. It also works to break down existing histamine in the blood, offering a faster route to system relief.

**Perfect For**

Anyone who wants quick, natural relief from occasional allergy flare-ups—at home, work, or on the go, with additional support for the immune system.

**Country of Origin**

United States of America

**Available for White Label**

**Supplement Facts**

Serving Size 1 Stick Pack (approx 1.2 g)  
Servings Per Container 30

	Amount per Serving	% DV†
Calories	5
