

Finished Product

**Vegan D3/K2 Sprayer/Dropper
1,000IU D3 and 120mcg K2-MK7**

Sourced from natural lichen from the wild, Vitashine® our plant-based Vitamin D3 is paired with Vitamin K2-MK7 to deliver a highly bioavailable, synergistic formula designed to support immune, bone, and cardiovascular health. Vitamin D3 plays a critical role in regulating the body's first line of defense by supporting innate immune response, cellular communication, and healthy inflammatory balance. When combined with Vitamin K2-MK7, which helps direct calcium to the bones where it belongs, this advanced formula promotes optimal calcium utilization and vascular health. Vegan, Vegetarian, and Kosher.

Key Highlights

How Vitamin D3 + K2-MK7 Supports you

- Made with Vitashine®, a trusted, plant-based Vitamin D3 sourced from lichen, this formula delivers a clean, sustainable, and highly bioavailable form of cholecalciferol. Produced through a proprietary process that ensures purity and potency, Vitashine® provides reliable immune and bone support without animal-derived ingredients — making it ideal for vegan and vegetarian lifestyles.
- Versatile – can be sprayed or dropper applied directly into the mouth, onto a favorite food, or into a drink.
- Vitashine® is Non-GMO Project Verified and Certified by the UK Vegan Society, the most respected Vegan organization in the world.
- Vitamin K2-MK7 supports proper calcium utilization, helping direct calcium to the bones to promote strength and structural health.
